Re: Public Records Act Request

Hello Mr. Nelson:

The following are the responses to your (3)Public Records Act requests dated 3/18/16:

1. **"Copy of all pay including a separate list of paid stipends to all 5 Big Bear Airport Board of Directors for the calendar years 2009 thru and including 2015"**. Big Bear Airport District pay is reported annually to the California State Controller's Office and can be viewed at the Government Compensation in California (GCC) Website <http://publicpay.ca.gov>.
2. **"Copy of the purchase and sale agreement, and the due diligence reports pertaining to the so called 5 acre Acosta land purchase, i.e., all engineering and related reports made to the Big Bear Airport under the Board approved \$70K pre-purchase due diligence contracts"**. There was no public purchase and sale agreement because the sale was terminated; there are only confidential instructions regarding real estate negotiations. I have included the public document: Work Order #8, as well as accompanying Scope of Services to fulfill your request.
3. **"Copies of all FOIA form requests made between 2009 and March 18, 2016, i.e., all signed FOIA request forms presented to the Big Bear City Airport in the aforementioned period"**. These records are included in this response.

Cost for copies is \$8.50 (85 x .10), please pay at your convenience (a mailed check would be fine).

Sincerely,

Dustin Leno, A.A.E.
General Manager
Big Bear Airport District
